

Mary and Martha story-wheel: Luke 10:38-42

How to make

Take your two pieces of circular card. Attach them together in the middle with the paper fastener, making sure that the piece with segments cut out is on the top.

On one of the two small triangles left next to where you cut away the segments, write the name Mary. On the other, write Martha. Across the middle, write "Learn from the Lord", like this:

Draw, or cut out, pictures of different activities that Mary and Martha might have been doing and stick onto the bottom circle, using the gaps you cut away from the top circle. Make sure you stick the right activity next to the right name. Turn the wheel so that you have two new, blank spaces on the bottom circle, and repeat. Repeat again one final time.

Here are some pictures that you could use if you like:

Mary

Martha
